A Distinguished Surgeon Dead.

National Associated Press to the Star.

BALTIMORE, July 3.—Professor Nathan
R. Smith, a distinguished surgeon and
medical practitioner, died this morning
at his residence on Saratoga street,
in the eighty-first year of his age. He
was well known as a writer in medical
journals, and published a voluminous
work on "Surgical Anatomy of the Ar-
teries."

Ex-President Grant.

National Associated Press to the Star.

LONDON, July 3.—A deputation of 40
men, representing different trades,
called on Ex-President U. S. Grant at
Consul General Bateau's house to-
day and presented him with an
address, welcoming him to En-
gland. Impromptu speeches were
made, to which General Grant replied.
After the speech there was an informal
exchange of courtesies, and the deputa-
tion then withdrew.

Banquet to Ex-Secretary Robeson.

National Associated Press to the Star.

TRENTON, July 3.—A grand social ban-
quet was given last evening to George
M. Robeson, Ex-Secretary of the Navy.

WASHINGTON.

Special to the Star.

THAT WHITE SULPHUR CONFERENCE.

WASHINGTON, July 3.—The story of a
caucus of Democratic politicians at the
White Sulphur Springs is a fabrication
which never had any basis of truth.
Politicians go to the White Sulphur
Springs, just as they go to Saratoga,
Newport, or Long Branch; but the an-
nouncement of a special assemblage
or conference there is an unquali-
fied falsehood. Senator Ransom, of
North Carolina, and Representatives
Casey Young, Proctor Knott, Governor
Walker and T. T. Crittenden are now in
the city, and they all say they know
nothing of the pretended conference or
political movement, and regard it as a
myth. It is believed that not one of the
candidates for Speaker will visit the
White Sulphur this summer, though the
general company promises to be large.

THE BRITISH MISSION.

It is known that Mr. Victor Drum-
mond is Charge d'Affaires of Great
Britain at this city, vice the Hon. Mr.
Plunkett, transferred to St. Petersburg.

Mr. Drummond is Secretary of Her
Majesty's legation at Brazil, and has
been acting Charge d'Affaires for over a
year to that Government. He is now
in London. The time of his reaching
here is somewhat uncertain. Mr. Plunkett
expects to return to England about the
15th of August. Mr. French will
probably be temporarily in charge of
the legation. It is now deemed prob-
able that Sir Edward Thornton will
return in the autumn to resume his func-
tions as Minister.

Promotion.

National Associated Press to the Star.

WASHINGTON, July 3.—Gen. French,
so long and favorably known in Cal-
ifornia as commanding officer of the Second
Artillery, has been promoted to Colonel
of the Fourth Artillery, vice General
Roberts, retired.

What the President Says.

NEW YORK, July 3.—The Graphic's
Washington special reports the Presi-
dent as saying the Southern question
is no longer an issue; that he did what
he thought was right, and talking will
not change that which has been accom-
plished. As to the order divorcing
office-holders from the political machine
management, the President recently
said he expected trouble on account of
it, and that it would probably cause the
loss of some votes to the Republican
party this year; but he believed it was
right and would enforce it without re-
gard to persons, and cause the dismissal
of the first office-holder who violated the
order.

NEW YORK CITY.

National Associated Press to the Star.

NEW YORK, July 3.—Developments in
the recent smuggling cases prove, on
investigation, to be most alarming. It is
believed it is one of the most gigantic
trades on record. It is said one man
makes affidavit to having smuggled
over sixty bundles of silk, which will
amount to about \$800,000.

Attempted Wife Murder.

John Geary yesterday afternoon
struck his wife, Ellen, on the forehead
with a hatchet, inflicting a terrible
wound, from which she still lies uncon-
scious. Geary was arrested by an offi-
cer, who entered the room and found
him with the hatchet raised above his
head about to strike her again as she
lay on the floor; but a blow from the offi-
cer's baton saved her life. Geary was
held to await the result of her inju-
ries.

Oakley S. Barker.

grand son of the late Commodore Van-
derbilt, who is accused of stealing Miss
Lizzie Week's watch and locket, valued
at \$200, was up for examination yester-
day. Barker is a young man of good ad-
dress and appearance, and has grown up
in a wild and careless manner. His
mother, who is now Mrs. Laffite, having

married a second time, is a daughter of
the late Commodore Vanderbilt, and is
at present traveling in Europe. He ad-
mitted his guilt and has given up the
pawn ticket for the watch, and the latter
has been recovered. Barker waived an
examination and was accordingly
looked up in default of \$100 bail. Miss
Week says she will press the charge
against him. She is a young and pretty
woman, and has from Chicago. She
says that she had been acquainted with
Barker two weeks. She also says that
she had been approached by one of his
friends to induce her to leave the city
and not appear against him.

After Barker had been looked up, H.
J. Streiter informed the Justice that
young Barker and Helen, a girl about
eighteen years of age, a valuable
meerschaum pipe and revolver from his
room. Wm. May, cousin of F. E. May,
of Bennett-day duel notoriety, said
Barker had stolen a gold chain and
locket from his room. These gentlemen
however did not prefer charges, but in-
dicated it was possible they would ap-
pear before the Grand Jury. The de-
tective who made the arrest says it was
a difficult matter to get the thing done
against Barker, but when he openly ac-
cused him he made a full confession.

He has also learned that young Barker
has been engaged in other tactics, two
victims all claiming to be his personal
friends. The prisoner has been em-
ployed at different times by his uncle
at the Grand Central depot, and is said
to have been so untrustworthy that his
services were dispensed with.

The Telegraph Fight.

The contest between the Western
Union and Atlantic & Pacific Telegraph
Companies was presented in a new light
yesterday in the Supreme Court Cham-
bers, before Judge Bustrook, Counsel
on behalf of Receiver Jewett, of the
Atlantic & Pacific Company, asked that
the Court should instruct the Receiver
what course he should pursue in choos-
ing between the two Telegraph Com-
panies for the service of the road. The
Receiver believed a contract with the
Atlantic & Pacific Company would be
much more beneficial to the interests of
the mortgagees, and although he was
aware of the duties as Receiver, yet this
was a matter of such moment he desired
that the responsibility rest with the
Court. Therefore he asked instructions,
at the same time setting forth plainly
the benefits that would accrue by ac-
cepting a proposition of the Atlantic &
Pacific Company.

Considerable argument took place.
Judge Bustrook took the papers, re-
marking that one of the questions
seemed to be whether the Western
Union Company had acquired any title
along the line of the Erie Road, on
ground owned by the Erie Company.

THE OLD WORLD.

RUSSIAN ADVANCE.

LONDON, July 3.—A dispatch from
Slatava, dated Monday, states that after
three engagements with the Turkish
forces, who were defeated with great
loss, the Russians advanced to Tirnova.

Irish News.

[From Late Foreign Files.]

The Parliamentary vacancy at Dun-
garvan.—The organizations representing
the Home Rule party, the Home Rule
Confederation of Great Britain, and the
Home Rule League, will put forward
Mr. F. H. O'Donnell, M.A., as their can-
didate for the seat vacated by the death
of Mr. John O'Keefe, M.P. Mr. O'Don-
nell, who has been in Parliament, was a
candidate at the recent Tipperary elec-
tion, but retired from the contest in
favor of Mr. E. D. Gray, the present
Home Rule representative of the county.
He has already consented to his candi-
dature for Dungarvan, but will not issue
his address until after the interment of
the late member.

Irish Agricultural Statistics.

The Irish agricultural statistics for the year
1876, now printed in detail, present some
interesting points. Of the total acreage
of the country, including mountain,
waste and water, one-half, or 10,000,000
acres, is in grass or pasture. Last year
there was an increase of 97,403 acres in
grass. Some counties, especially on the
eastern side of Ireland, have 60 per cent.
of their acres under grass. Within ten
years a decrease has taken place of more
than 250,000 acres in crops. The hold-
ings of one acre have decreased 23 per
cent. since 1851. These figures, it is said,
point to the existence of a more sub-
stantial farming class than formerly, the
average yield of wheat in 1876 far ex-
ceeded that of any of the previous nine
years, being 17 cwt. to the acre. There
were in December last 535,984 horses in
Ireland, or 8,732 more than in the pre-
vious year. Cattle numbered 4,117,449,
an increase of 2,162. Poultry increased
largely, and is estimated to have been
of the value of \$1,120,000.

A map named Parsons.

One of those charged with being concerned in
the management of the betting-house in
Andrew's lane—was on Saturday fined
\$50 by the Dublin police magistrates.

Complaint Against a Magistrate.

A copy is published of a minute by the
Lord Chancellor of Ireland on the com-
plaint against Mr. Anketell, J. P., for
the destruction of two dogs in the vil-
lage of Emlyvale on the night of the 31st
of August last. While ensuring sev-
eral of Anketell's dogs shot, his lord-
ship refrains from dismissing him from
the magistracy, as the illegal act arose
from much provocation, and did not
occur in connection with his duties as a
magistrate.

Fire in Dublin.

A fire broke out at 10 o'clock on Mon-
day morning at a barge dock in the
premises of Mr. Schreiber, a jeweler
and goldsmith, in Westmoreland street.
It appears to have been caused by an
escape of gas, and was confined to the
shop and basement. The inmates
escaped uninjured, but about \$50,000
worth of property was destroyed and
damaged.

Singular Trial.

In the Dublin Court
of Queen's Bench an important habeas
corpus motion was heard on Tuesday on
the application of Mr. Porter, Q. C., to
make absolute a conditional order for a
writ of habeas corpus directed to the
Rev. Dean M'Namus, parish priest of
Clonsilla, to bring into Court the body of
Catherine Grimms, thirteen years of age,
daughter of Charles Grimms, a Protest-
ant, whose wife, a Roman Catholic, was
dead. Mr. Heron, Q. C., on behalf of
Dean M'Namus, applied for a postpone-
ment in order to enable further inquiries
to be made into the character of the
father. Mr. Heron said that originally
there was an affidavit made by the father

stating that the child had been
brought up a Protestant; that,
without authority, she had been
brought first to Dublin and then to an
orphanage at Clonsilla, County Galway;
and that she had been abducted from
the orphanage, the affidavit charging
that she had been abducted by Dean
M'Namus and other persons. It also
went into detail about the girl being
sent to the Work-house and the guardi-
ans refusing to support her. In answer
to the affidavit the child and a number
of others made affidavits, and the child
swore that she had been brought against
her will to the orphanage; that she
there had been treated with cruelty; that
she attempted to say in public Ro-
man Catholic prayers like "Hail Mary,"
that she had been required to eat meat
on Good Friday, whereupon she refused,
and had suffered imprisonment and
starvation; that of her own accord she
escaped through the window of this or-
phanage, and was found on the road by
some persons, and they not knowing
what to do with her brought her to the
union. Mr. Porter objected to the pos-
tponement, but said, if it were granted,
the Court ought to allow him to read the
affidavits on the other side, or, if not,
should make an order to prevent the
publication of the ex parte statements
just read in Court. The Chief Justice:
Let it be understood that the statements
made in this Court to-day by counsel
from affidavit should not be published.
Mr. Justice Fitzgerald observed that
would be a very exceptional order to
make. Mr. Porter replied that the cir-
cumstances were exceptional. Mr. Jus-
tice Barry thought it would be one of
the most extraordinary things done in
this Court for the last century. The
Chief Justice said that perhaps it was
hardly called for by the gravity of the
circumstances, and it was better not to
say anything about it. The case was
then adjourned.

A Rumor Contradicted.

National Associated Press to the Star.

PROVIDENCE, R. I., July 3.—The re-
port that Wm. H. Reynolds and Jeffrey
